Why should your group considering going together as a group to give blood? Canadian Blood Services reports that 52% of Canadians say they, or a family member, have needed blood or blood products for surgery or for medical treatment. Approximately every minute of every day, someone in Canada needs blood.

What a great way to show love for our community by sharing such a wonderful gift. *One blood donation - in just one hour - can save up to three lives.*

While donating, please pray that your gift makes an eternal difference to the recipients. That their going through the experience of needing blood prompts them to think about the supreme sacrifice that Jesus made on the cross for us all; of the blood that he shed for us and the gift of eternal life that he offers.

Donation Eligibility

You must:

- Be between ages 17 and 61
- Weigh at least 110 pounds
- Be in general good health and feeling well

If You Have: You Must Wait Before Donating:
