

# Lawn Maintenance

This is a great limited-time-only seasonal opportunity! You can offer to do one of the following or with an ambitious group you can offer it all!

- Cut and trim the grass
- Rake and bag the grass or leaves
- Pick and bag weeds – especially helpful now that chemical weed killers are banned in our city!
- Aerate the lawn

## What will you do when you get there?

- Traveling as a group, you'll drive to a neighborhood and just pick a great place to start, working your way from house to house.
- You'll go door-to-door, letting folks know we're there to do some lawn maintenance for free!
- Some in your group will be armed with rakes, others with trash bags, yard waste bags and work gloves. Find out from the residents where bags can be left for roadside pickup by the city.

## Helpful Hints

- More than two people are overwhelming to the person opening their door to you but going by yourself is not recommended. Have two from your group go to the door while the rest of the team jumps right in, going to work.
- Sometimes residents love to suggest someone else in the neighborhood who could really use our help, like someone who is physically not able to maintain their yard or an elderly person. Ask them for recommendations of who they'd like us to serve!
- Do a really good job – the quality of work leaves a lasting impression, and we want the impression to be a great one!
- **ABSOLUTELY DO NOT ACCEPT DONATIONS**
